

APCO

paints for the specialist

Who is APCO?

APCO* is a quality paint manufacturer & supplier based in Auckland. Since entering the New Zealand paint market in 1993 as an importer & distributor, continual growth paved the way for a local manufacturing plant. APCO brings quality and cost effective solutions to customers.

The APCO Paint Range

APCO offers a comprehensive range of premium water based & oil based products. This includes specialty primers/sealers, self-priming acrylic exterior finish coats & water based enamels **with a focus on low VOC products** - APCO New Zealand uses the latest VOC free tinters.

APCO manufactures products that are derived from global technology and expertise whilst ensuring that products perform in New Zealand conditions. All this is the result of the collective association of a high skill-set.
